Events at Our Innovation Learning Centers

A variety of classes are offered at each of the four Rheem Innovation Learning Centers (ILCs). These classes, typically lasting four hours, provide hands-on practice, walking attendees through product installation, servicing and troubleshooting scenarios.

FLEXIBLE OPTIONS TO MEET YOUR SCHEDULE

Classes Available at Our ILCs Include:

- Residential Gas & Electric Water Heating featuring Tankless / Hybrid
- Commercial Water Heating Featuring Triton®
- Tankless Gas Technical
- Combi Boiler Technical Training
- Drive Your Business

In-Person Field Training

In addition to our ILC Training opportunities, we also offer in-field training opportunities at distributors throughout the country, meeting professionals where they are. Focusing on installations and product tear-downs, these classes of varying length are localized and can provide a closer look at various product lines.

Online Training Resources

Training and technical materials are available through MyRheem.com, and are designed to fill gaps in your knowledge and bring your skills—and your business—to the next level. For more direct guidance, a diverse catalog of how-to and informational videos are free and easily accessible through the Rheem YouTube channel.
